

SUMMER SCHOOL - Cooperative Education

Application Process

Please note that completion of the online forms does not guarantee registration in the course.

1. Go to CE website : <http://ce.ycdsb.ca>. Click on the web link on the brochure to go directly to the online application site.
2. Complete all required information on the electronic form.
3. Click on the second link when the first form is completed and submitted.
4. Print a hard copy of the FULL application package (second link)
5. Complete the hard copy application package and obtain Parent, Guidance Counsellor and, where applicable, SHSM Liaison signatures.
6. Successful candidates will be contacted for an interview. Bring this hard copy package to your co-op interview.

SUMMER

Cooperative Education

2017

MAY 13 - AUGUST 4, 2017

2017 SUMMER SCHOOL - Cooperative Education

Cooperative Education Opportunities

Cooperative Education is a planned learning experience where students earn credits towards an OSSD. The program integrates classroom theory with learning experiences in the community. Students are able to apply, expand and refine knowledge and skills acquired through a related curriculum course. These experiences assist students in exploring and preparing for future careers and in making a successful transition to post-secondary education, apprenticeship or the workplace.

Cooperative education courses have three parts to them: pre-placement, integration and experiential learning. It is mandatory for students to attend in-school pre-placement days before the actual work experience begins as well as school integration days throughout the month of July. Students will complete an online course component as well as assignments related to curricular expectations. Due to the condensed nature of the course, it is expected that students participate **daily** so that course requirements are fulfilled.

Summer Co-op teachers will arrange all work placements for students. Every effort will be made to accommodate students in placements that are easily accessible by public transit. SHSM students' placements will be directly related to their sector.

Applicants

Applications for Summer Co-op are open to all YCDSB students over the age of 16. Co-op is a necessary component in all Specialist High Skills Major programs, and as such, preference will be given to those applicants who are currently enrolled in SHSM.

Registration in a Summer Co-op course is based on the following priorities:

1. Current Grade 11 SHSM students
2. Grade 11 or 12 students
3. Current Grade 10 SHSM students (space allowing)

PLEASE NOTE: Courses will run based on sufficient number of applications.
