PRIOR LEARNING ASSESSMENT & RECOGNITION (PLAR)

PLAR CHALLENGE PROCESS

WHAT IS PLAR?

- Prior Learning Assessment and Recognition (PLAR) is a formal evaluation and accreditation process which gives students an opportunity to obtain a credit.
- Students may obtain credits towards their secondary school diploma (OSSD) for knowledge and skills that they have acquired outside of secondary school.
- This prior learning is evaluated using a variety of assessment tools, over a period of time, to determine whether the student met the provincial expectations for a course.
- Students may “challenge” a specific course for credit or may obtain credits through the “equivalency” process if they have credentials from schools outside Ontario.
- A percentage grade will be recorded for students who successfully complete the PLAR Challenge.
